Keep your reference numbers — they're your proof of payment.

If your GCash or bank details change, tell your landlord so they can update the portal.

Check your statement regularly to catch any discrepancies early.

7. Troubleshooting

I can't log in

Make sure you're using the email your landlord invited. If you forgot your password, use "Forgot password" on the login page.

My payment isn't showing as paid

Payments submitted through the portal appear as "Pending" until your landlord verifies them. This usually takes a day or two.

I see charges I don't understand

Check your statement — it breaks down rent, electricity, water, and other charges per period. If something looks wrong, contact your landlord.

The portal won't load

Try a different browser or clear your cache. If the problem persists, contact your landlord.
